

Level B/Niveau B  
Weekly exercise L14\_1  
**Answers**

"The World Health Organization is calling for action to end the epidemic of child obesity by **reducing** marketing of unhealthy foods and non-alcoholic beverages to children. The WHO has just issued **new** measures to improve child health.

The World Health Organization says children worldwide are exposed to marketing of foods high in **fat**, sugar or salt. And, this, it says increases the potential of younger generations developing non-communicable **diseases** during their lives.

WHO reports non-communicable diseases account for 60 percent of deaths worldwide. That comes to more than 35 million people **annually**. A majority of these deaths are occurring in low and middle-income countries."

Trouvez dans le texte le mot qui répond le mieux à chacune des définitions ci-dessous

Vous donnerez

- 1°) le mot noyau de la définition
- 2°) sa nature grammaticale : V, S, AD ou AU
- 3°) le mot du texte qui répond à la définition
