Weekly exercise L16_1

Answers

En vous référant à la [présentation du groupe nominal](#), pour chaque groupe extrait du texte, vous indiquerez sa construction (P, G ou A) et son noyau.

Texte :

Britain will announce that it will provide £10m a year over **the next two years** to UNWomen, the new UN group headed by the former Chilean president, Michelle Bachelet.

The funding, which will provide 11% of **the body's resources** in the first year, will make Britain **the second most generous donor to UNWomen** — although it is considerably less than the £21m a year requested by the Gender and Development Network.

Andrew Mitchell, **the international development secretary**, will announce the funding in **the wake of last week's publication of a new strategic plan by UNWomen**. Britain believes that Bachelet has taken a firm grip of the new body and has been impressed by a series of goals.
