

Level B/Niveau B
Weekly exercise L17_1

Answers

En vous référant à la [présentation du groupe nominal](#), pour chaque groupe extrait du texte, vous indiquerez sa construction (P, G ou A) et son noyau.

Texte (adapted from VOANews "Growth of Women's Football Continues", Parke Brewer, June 30, 2011.

":

Though it is now winter in South Africa, women at the University of Pretoria are practicing outdoors in the elements for the so-called TUKS team.

Manager and former player Tsakani Hlungwani says opportunities for African women footballers are growing.

"It's really changing because now they're even promoting female coaches and things like that, so we'll see more of women's football recognized, even big companies recognize it by sponsorships," Hlungwani said.

...

Tsakani Hlungwani's short statement is not surprising.

...

" And just as the quality of the coaching gets better, the players are getting better," Menge said.

...

Avni Johnson says she learns to improve her game by watching senior players. "I've watched the women's team. I've also followed the center midfield, the center midfielders for the U.S. Whenever they come on TV, I watch them.

Groupes nominaux :

South Africa

Construction = A

Noyau = Africa

women at the University of Pretoria

Construction = P

Noyau = women

the so-called TUKS team

Construction = A

Noyau = team

Tsakani Hlungwani's short statement

Construction = G

Noyau = **statement**

Construction imbriquée à deux niveaux :

1° G => X (Tsakani Hlungwani) 's Y (short statement) dans lequel, on analyse (2ème niveau) le Y comme ayant une construction A. Mais c'est la construction de premier niveau qu'il faut considérer

Tsakani Hlungwani's short statement = G

Si on ne se limitait pas au 1er niveau, il serait impossible de répondre pour un groupe comme celui-ci :

My rich father's way of life

1er niveau : X 's Y =G

mais au 2ème niveau, X (rich father)= A et Y (way of life)= P

The **quality** of the coaching

Construction = P

Noyau = **quality**

The center **midfielders** for the U.S.

Construction = P

Noyau = **midfielders**

Construction imbriquée à deux niveaux :

The center midfielders for the U.S.

1° P => X (center midfielders) for Y (the U.S.) dans lequel, on analyse (2ème niveau) le X comme ayant une construction A. Mais c'est le premier niveau qu'il faut considérer

The center midfielders for the U.S. = P
